SCHOOL

A SNAPSHOT OF THE EVENT

ESG23 is a 2 day micro leadership development program for C Suite future leaders, introducing them to the ESG framework.

It will bring together the country's brightest minds, boldest thinkers and most passionate leaders – sharing their insights and encouraging positive awareness into one of the most important issues facing all organisations as we surge into a rapidly changing 21st century.

All participants will leave the forum with a working plan that outlines how they and their organisations can engage fruitfully with ESG beyond mere compliance.

Here is your chance to partner with Rotary Southbank ESG at one of the pinnacle events of the year!
